20. On May 29, 2003, the IACHR issued precautionary measures to protect the life and personal integrity of Mr. Ricardo Gutiérrez Soler in the context of case 12,291, on the violation of the right to humane treatment and due process to the detriment of his brother, Wilson Gutiérrez Soler. The information available indicates that the beneficiary received a series of threats and survived a failed assassination attempt using explosives, apparently related to the case before the IACHR. In view of the situation, the IACHR asked the Colombian State to adopt the measures needed to protect the life and physical integrity of the beneficiary and to report on the actions taken to investigate the facts and put an end to the threats. The Commission has continued receiving information on the situation of the person protected.
