

TRIAL CHAMBER I

Prosecutor v. Stanislav Galić

Corrigenda to Trial Chamber Judgement

I regret that several spelling and typing errors in the main Judgement escaped our attention. The typing errors are shown here:

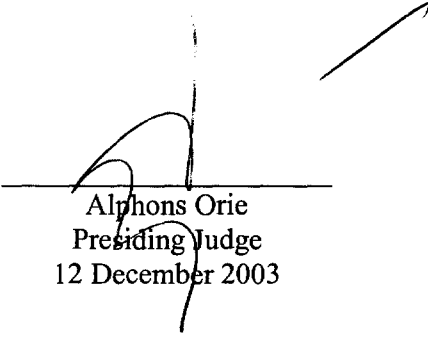

p. 43, fn. 197 “available at ICTY Library”: *delete* these words

p. 49, fn. 228 “the phrase žmethods ... of žacts ...”: *read* “the phrase ‘methods ... of ‘acts ...’”

p. 182, para. 432 “starkingly”: *read* “strikingly”

p. 183, para. 434 “old city center town”: *read* “old city centre”

While the presence of purely orthographical errors in the text is indeed regrettable, it would be pointless to list them in an errata note.
